**ARTISAN FIRE BOWLS**

*Warmth, Style & Ambiance.* Eldorado Fire Bowls bring a heightened level of design and elegance to any outdoor space. Made from strong, glass-fiber reinforced concrete and hand-sanded through a four-step finishing process. Each Artisan Fire Bowl renders a true one-of-a-kind creation with subtle variations in color and texture similar to natural limestone. Fire Bowls ship complete with lava rock and match-lit components complying with CSA standards for natural gas or liquid propane. Choose from four colors in either Honed or Travertine finishes.

The sheer magnitude of materials, time and manpower required to build a CMU Concrete Block kitchen compared to Eldorado Outdoor is well illustrated in this “example.” Eldorado Outdoor allows you to create beautiful and authentic masonry outdoor spaces in less than half the time compared to traditional building techniques. The strong, yet lightweight material doesn’t require additional concrete footings, bending rebar, or any of the mess, waste and time associated with CMU installations.
The Building Blocks. Eldorado Outdoor products quickly assemble into a virtually limitless combination of configurations. Each piece is made of glass-fiber reinforced concrete (GFRC) which can be installed on any solid flooring surface without concrete footings or rebar. Eliminated is the construction waste and additional time associated with traditional masonry block installations. Eldorado Outdoor products can be assembled in just hours; even cut-outs for custom features such as barbecues, sinks, drawers and burners can be done on-site.

Because Eldorado Outdoor finishes replicate natural stone, variations should, and can be expected. Even though colors in this brochure are as close to the actual product as possible, photographic and printing techniques — and actual viewing conditions — can alter perception of color. It is recommended to obtain a sample of an Eldorado Outdoor finish before ordering.

If you would like more information on prices, availability of products, the name of your local distributor, or answers to any questions not covered in this brochure, please contact us. We would be happy to assist you with your outdoor and stone building plans. Detailed installation instructions, specifications, technical information and test data is available upon request.
