SAMPLICITY FREE SAMPLES

BENEFITS

We want to ensure that our customers are confident in their purchase with us, which is why we make ordering samples simple and convenient. Through Smplicity, our industry leading sample program, we provide a hassle-free customer experience and more samples than anyone else!

Sample requests can be placed through the website by industry professionals who have a registered account 24 hours a day. Designers and dealers can request free samples for customers by email.

Samples will be sent directly to the address provided.

www.BerensonHardware.com

Number of Samples

Order up to 5 samples every 24 hours!

Products Included

Berenson and Advantage Plus by Berenson knobs and pulls of 160mm CC or less.

Shipping

Free samples also qualify for free shipping! All parts ship standard ground (3-5 days).

Longer lengths can be ordered as a sample at 50% off MSRP with paid flat rate shipping (\$4 per part). Hooks and latches are not available as samples.

Sample parts are not for display. Please contact us for display items and options.

Sales@berensonhardware.com | 800-333-0578

HOW TO ORDER

Step 1

Log in to your account at berensonhardware.com. Then select the part you would like a sample of and click the Request A Sample button.

Step 2

A window will pop up requesting shipping info and credit card info, if the sample requires a payment.

Step 3

After you fill in the required information, click **Submit Sample Request** and your request will be processed.

FREE SAMPLE CLIP

As a bonus, you can choose to receive a free sample clip with your order. This unique clip lets you preview how our hardware looks on your cabinet door or drawer without the commitment of drilling holes. Choose between a 1in. clip, best for doors, or a 3in. clip, best for drawers.

PARTS SELECTION GUIDE

Parts Are Identified As Follows:

Four-digit item code (followed by a dash)

One-digit primary material code

Two-digit code or a character code (two or three letters) to distinguish the finish (followed by a dash)

One-letter packaging code

Example

PART NUMBER

2368-1MDB-P

ITEM # MATERIAL | FINISH PACKAGING

Description: Zinc Diecast, Modern Brushed Gold, Polybagged w/ Mounting Hardware

Key to Material Codes

- | | | | |
|---|----------------------|---|------------------------------------|
| 1 | Zinc Diecast (Zamac) | 6 | Wood |
| 2 | Steel | 7 | Plastic / Acrylic |
| 3 | Brass | 9 | Other (Stainless Steel or Crystal) |
| 4 | Aluminum | | |
| 5 | Ceramic / Porcelain | | |

Key to Packaging Codes

- B** Item is supplied in bulk without mounting screws or escutcheon pins. (Mounting hardware ordered separately.)
- C** Item is supplied in a carton with 8-32 x 1in. or M4 x 45mm break off screws.
- P** Item is individually polybagged with 8-32 x 1in. screws or other mounting hardware.

Extreme Finish

Berenson Extreme Finish exceeds BHMA standards by up to 10X!

BHMA requires finishes to withstand a salt spray test for 48 hours. Chrome finishes exceed that by withstanding a salt spray test for 480 hours!

UPTOWN APPEAL

Contemporary Style Parts

Contemporary home decor is defined by open, clean spaces that favor function over form. It is influenced by lofts and studios created from repurposed commercial buildings of another era. The Uptown Appeal Series reflects uncluttered aesthetic with functional and minimalist designs. Straight lines and metal finishes like Polished Chrome and Brushed Nickel are common traits found in this cabinet hardware.

TIMELESS CHARM

Traditional Style Parts

Traditional homes are comfortable spaces, where pieces match and have warm, inviting colors. The Timeless Charm Series honors these design elements with traditional cabinet hardware that will complement raised panel cabinets. Finishes like Verona Bronze have soft tones that effortlessly meld into rooms with ornate details. Double hooks and other time-honored hardware designs can be found in this series.

ARTISAN INSPIRED

Craftsman Style Parts

Artisan styled interiors are defined by craftsmanship and pieces abundant with character. The decorative hardware of the Artisan Inspired Series features unique patterns and designs, to give each item a distinct flair that stands out on its own. Finishes are of natural metals that appear worn, like Rustic Copper and Weathered Nickel.

BEAUTY BOARDS

Beauty boards draw attention and inspire customers to use hardware by Berenson. They are the perfect way to fill your tower and complement your collections with striking imagery.

SERIES DESCRIPTION beauty boards are guaranteed to catch your customer's eye while introducing the highlights and style of each collection. We have also included a price code board to better inform your clients quickly and conveniently.

PRODUCT IMAGE beauty boards showcase the fine details of our hardware, including elegant finishes and unique styles up close and personal.

ENVIRONMENTAL IMAGE beauty boards show your customers how great Berenson's decorative hardware products look completely installed and in use.

Note: Beauty Boards contain printed IMAGE ONLY. **NO HARDWARE INCLUDED.**

DISPLAY TOWERS

12 Board Display Tower
0012-2000-01

FEATURES:

- Measures 19³/₄in. width by 85¹/₁₆in. height
- Holds 12 Display Boards
- Rotates 360° for easy access
- Easy to assemble

36 Board Display Tower
0011-2000-01

FEATURES:

- Measures 34⁷/₁₆in. width by 85¹/₁₆in. height
- Holds 36 display boards
- Rotates 360° for easy access
- Easy to assemble

CC & INSTALLATION

How To Measure the Center to Center

To determine the center to center (CC) of a pull, use a ruler to measure the distance between the centers of the screw holes.

Berenson pulls come in both inch and millimeter CC's. The chart below can help you determine the conversion of your measurement.

Inches	Millimeters
1 ¼ in.	32mm
2 ⅙ in.	56mm
2 ½ in.	64mm
3 in.	76.2mm
3 ½ in.	88.9mm
3 ⅝ in.	96mm
4 in.	101.6mm
4 ⅜ in.	112mm
5 ⅙ in.	128mm
6 in.	152.4mm
6 ⅙ in.	160mm
6 ⅝ in.	169mm
7 ⅙ in.	192mm
8 ⅜ in.	224mm
10 ⅙ in.	256mm
11 ⅜ in.	288mm
12 in.	304.8mm
12 ⅝ in.	320mm
15 ⅙ in.	384mm
16 ⅜ in.	416mm
17 ⅝ in.	448mm
18 in.	457.2mm
21 ⅜ in.	544mm
25 ⅜ in.	640mm
26 ⅝ in.	672mm
30 ⅜ in.	768mm

Installing Decorative Hardware for First Time

TOOLS REQUIRED:

- Ruler or Cabinet Hardware Template
- Power Drill
- ⅜ in. Drill Bit
- Screwdriver

PLACEMENT TIPS

Where you place your hardware on a cabinet is entirely up to you. You can see some traditional placement of hardware below.

Special consideration should be made when installing hardware on a drawer. Depending on the weight or length of the drawer, you may want to use a longer pull or two knobs spaced evenly apart.

INSTALLATION

When you have decided where you want your hardware placed, use a ruler or cabinet hardware template to mark the drilling locations. You'll want the placement to be the same across all cabinets for a consistent look. Once all the locations are marked you are ready to use your ⅜in. drill bit and drill the holes. Now, all that's left to do is install your gorgeous hardware and enjoy!

FAQ'S

Where can I see and buy Berenson hardware on display?

You can purchase Berenson hardware from Architectural Hardware Showrooms, Kitchen and Bath oriented dealers and internet re-sellers through a national network of wholesale distributors.

To find the retailer nearest to you, visit our website Retail Locator page. If you carry Berenson product and would like your business to be listed on our Retail Locator, please contact your sales representative or email us.

Do you offer an online catalog?

Yes, you can view and download a digital copy of all of our current catalogs on our website, www.BerensonHardware.com. Locate them from our Main Menu under the Support section.

Is there a minimum order quantity?

There is no minimum order quantity or broken box charge. Berenson will ship any product in any quantity.

How soon are items shipped after being ordered?

Orders placed before 3:00 PM EST will ship same day. *Large orders that must ship by truck will go out the day after the order is placed.*

Do you offer drop shipments?

Yes, we will ship right to your customer if needed.

Do your products come with screws and what length are they?

Yes, most hardware includes an 8-32 x 1in. or M4 x 45mm break off screws.

What is the best way to care for hardware?

When necessary, our decorative hardware is best cleaned with warm water, mild soap, and a soft cloth. Avoid the use of abrasive cleaning products, or window cleaner. Over time, the use of such products will result in the removal of the protective coating.

Additional Questions?

Check our FAQ section on our website or email us at info@berensonhardware.com.
