

ISOPANEL

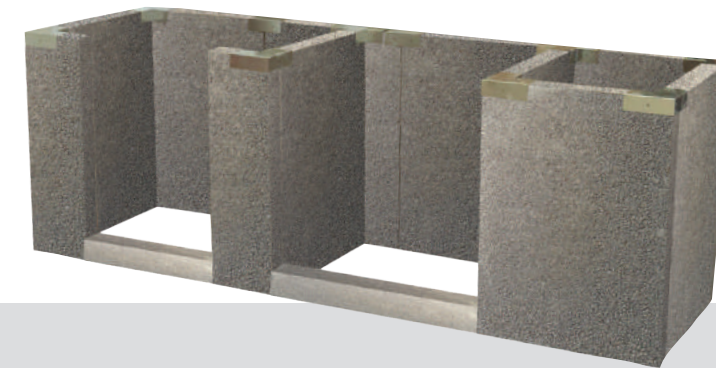

MODULAR SYSTEM
Outdoor Kitchens & More

L-Shaped Kitchen
Stacked Ledgestone
Corian Countertops
with custom edge

The HEART OF YOUR *Outdoor Oasis*

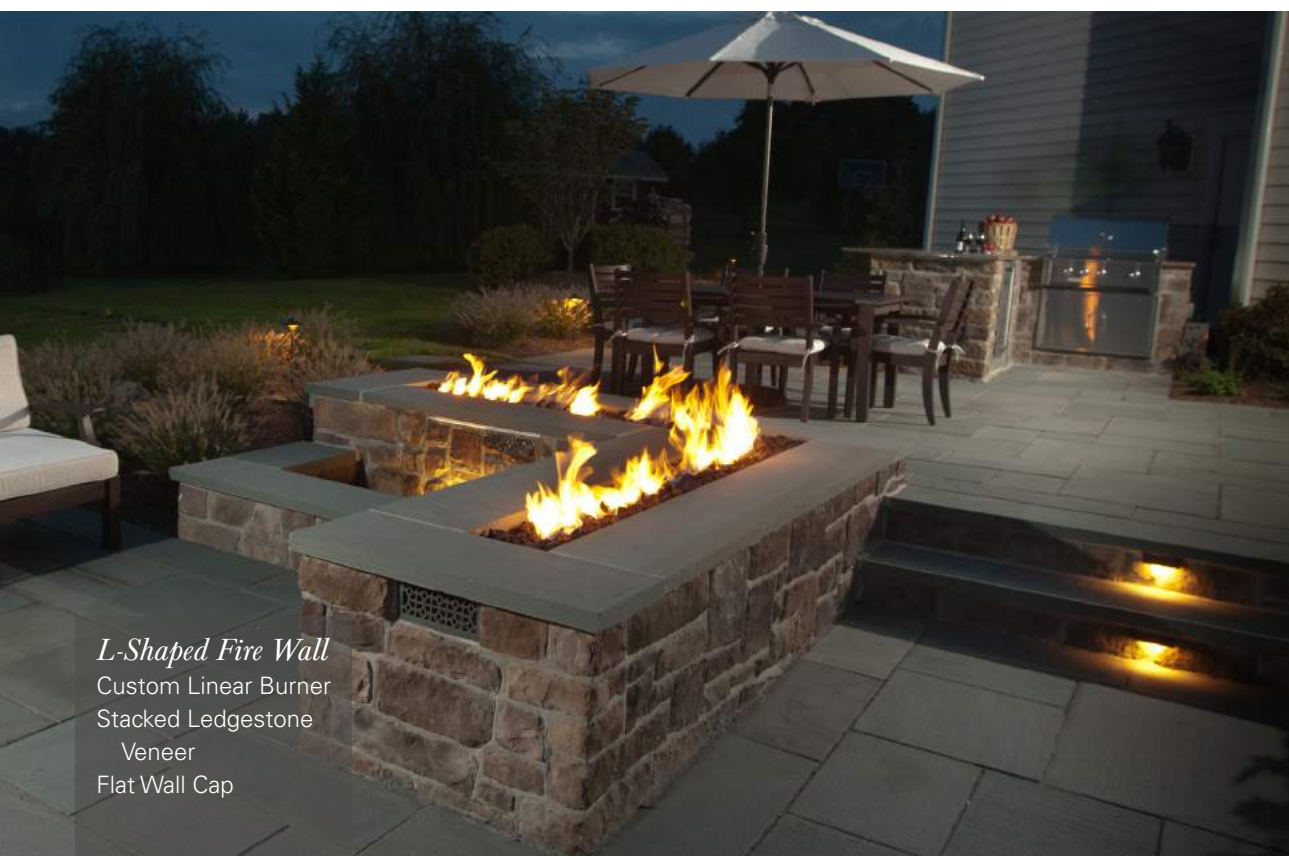

Easy to install, eye-catching and completely customizable, the Isopanel can be conveniently installed in less than one day — giving you endless opportunity for designing your outdoor oasis. From Outdoor Kitchens to Fire Walls utilizing the Isopanel and Clips, makes on-site assembly a breeze. If you can dream it, you can create it.

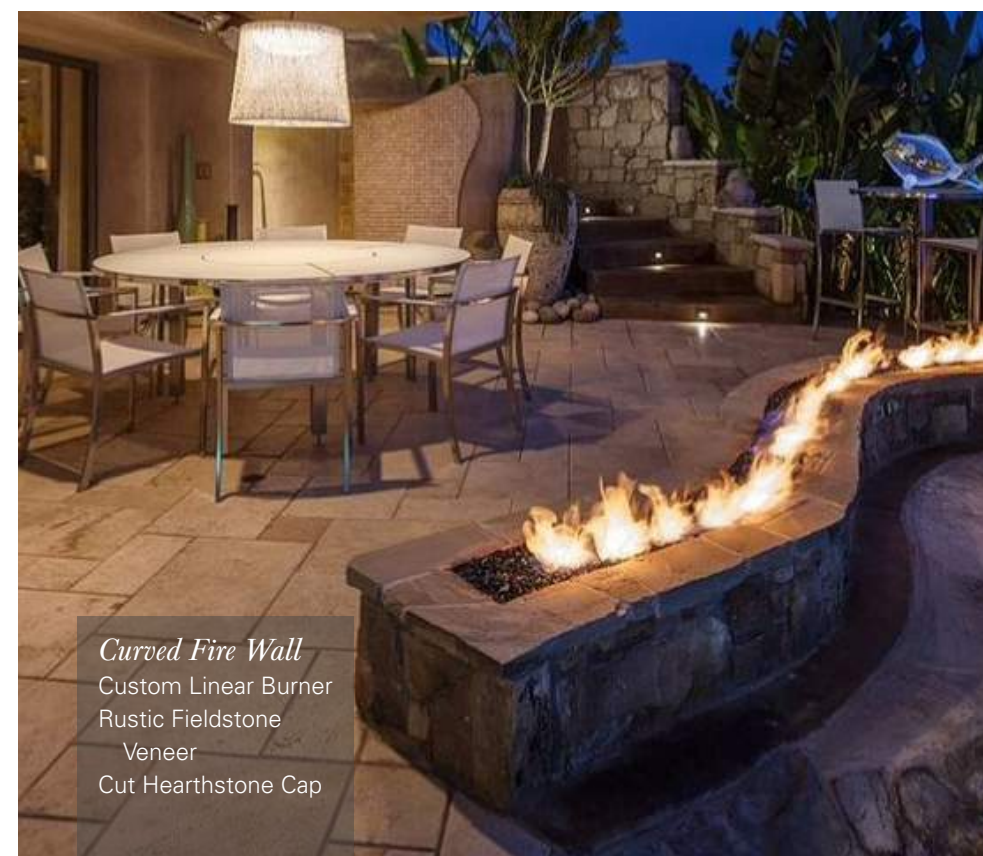

Insight into our technology

Extracted from Iceland's Mt. Hekla volcano, Isokern products are made from the cleanest, purest pumice. Manufactured in the United States, our masonry components cradle the raw power of fire in the safest, most energy-efficient material on earth. Isokern allows architects and their clients to pursue their most inspired designs, while connecting with the natural beauty of fire in a way that, until now, only nature could.

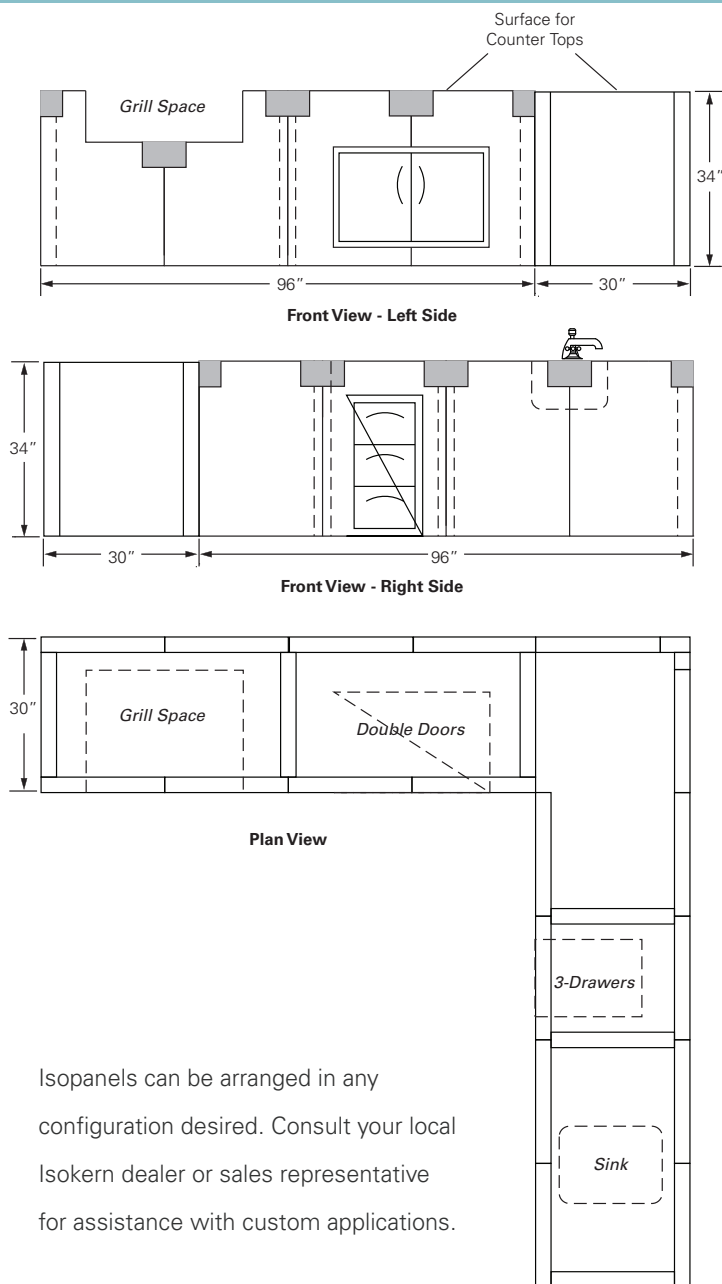

L-Shaped Fire Wall

Cut Hearthstone Cap

Outdoor Kitchen L-Shaped

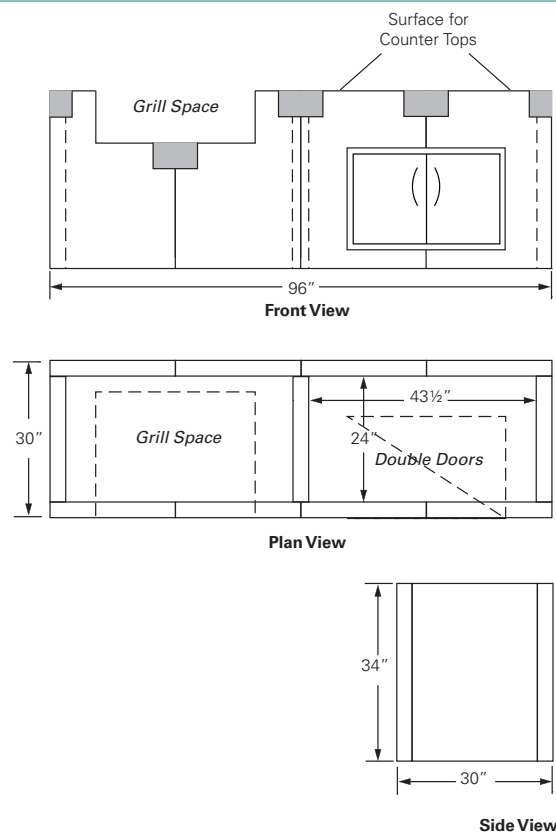

Isopanel can be arranged in any configuration desired. Consult your local Isokern dealer or sales representative for assistance with custom applications.

*Featured on the Cover: Curved 10' Kitchen with Backsplash
Finished in LedgeStone and Cut Stone Countertops*

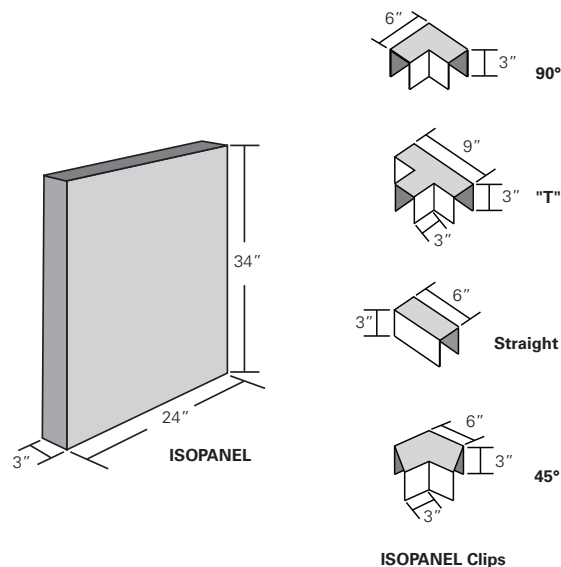

IMPORTANT NOTES: The ISOPANELS are prefabricated, refractory modular panels designed for field assembly. The system consists of precast components which are first held together with metal clips screwed to the Isokern with tapcon screws, then glued together with a masonry adhesive.

Diagrams, illustrations and photographs are not to scale - consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinue without notice.
