The background of the entire page is a photograph of a rustic interior. It features walls made of large, light-colored stone blocks. On the left, there is a fireplace with a dark metal screen. In the center, a doorway leads to another room. To the right of the doorway, there is a plaid armchair with a red and black pattern. A small decorative arrangement with red berries is on a table next to the chair. The ceiling has dark wooden beams and a single light fixture is visible.

Thank you for considering Cooper Stone. We are honored to share with you the many selections and styles contained in this catalog.

For over 30 years Cooper Stone has built its reputation on product quality unmatched in the industry and timely, consistent, dependable delivery. Cut from the finest limestone and sandstone, Cooper Stone is the answer for projects that demand lasting beauty, elegance and the durability that only natural stone can provide. Whether your vision is for a unique retail center, a grand corporate headquarters, a European castle or a French provincial home, Cooper Stone can help make your dreams a reality.

In addition to our traditional full stone products, we now offer a new innovation in natural stone design as well, Cooper Natural Thin Stone™. This thin-cut ($\frac{3}{4}$ "- $1\frac{1}{4}$ "), light-weight (9-11 lbs per square foot) material adds the timeless look and feel of natural stone at an affordable price. The costs of our natural thin stone are comparable to man-made stone nationwide and it is installed in the same manner as man-made stone. Beautiful, economical, adaptable, durable, lightweight, easy to install and natural – these are just a few of the many qualities to love about Cooper Natural Thin Stone™.

When you are ready to take the next step, our team of professionals is waiting to assist you in accomplishing your design goals. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, reading "Matthew A. Flippen".

Matthew A. Flippen
President
Cooper Stone Corporation

Note: Cooper Stone is a natural product. The photos in this catalog are a close approximation of the actual stone. Colors and sizes will vary slightly.
