Four score and seven (minus fifty-two) years ago, we humbly brought forth upon the seven continents a new strategy for safety, conceived in tenacity and dedicated to the proposition that all workers are created equal and must be protected. And since that seminal day, we’ve been deeply committed to going well beyond compliance; for we know that compliance is just table stakes.

From the day we planted our flag, we’ve been unwaveringly committed to not making or selling cheap stuff. We simply won’t do adequate or satisfactory – ever. We believe those options are both offensive and wasteful – and we see it as our sacred quest to deliver what safety professionals and workers prefer, specify and desire: intelligently designed, well-crafted and fairly priced safety solutions that ensure, when the whistle blows, every worker heads home safe, sound and happy.

Our thirty-five revolutions around this ball of gas have hardly gone silky smooth. We’ve had our share of bumps and bruises, close calls and mistakes, to be sure. We carry these battle scars as badges of honor. Bottom line: We got up, dusted ourselves off, listened, learned and evolved. Forging ahead with our mind on our mission and our mission on our mind. Rededicating ourselves to this noble cause, keeping our moral compass pointed due north toward Making the Workplace a Betterplace™. This fuels our fire, and drives us day in and day out, year after year, decade after decade.

Could we take a long, wistful glance backwards to savor our triumphs and laugh at our tribulations? Perhaps. But then we might take our eyes off the prize and miss the next thirty-five years of doing right by the hard-working men and women we have dedicated our lives to protecting and serving. And so, on we will go, pointed toward the second star on the right and straight on till morning.

If you’ve been here with us so far, you know the drill; we are grateful and thank you. If you’re new to the journey, welcome, jump in and join us. While we don’t have a crystal ball up our tuchus, we can promise you this – it’s gonna be one helluva ride.

2052, here we come. Tally-ho.
Is there anything sadder than Thanksgiving dinner with no gravy? Maybe the '85 Bears without William “Refrigerator” Perry? Or Cheers without Mayday Malone? Point is, harmony is only achieved when all the parts fit together. Remove a piece and you’re left eating dry turkey, my friend. It’s in this spirit of harmoniousness that we endeavor to provide you with a sweet song of PPE. These are the three pillars of safety upon which our Tenacious Work Gear is built. Remove one pillar and the entire edifice would come crashing down which, you know, would be bad. We strive to provide Protection, promote Prevention, and help you manage the Elements you face daily in fields, mines, oceans, deserts and roadways. We’ve put these interconnected safety pillars together to form a more perfect union and guarantee that you’ll be covered from every angle no matter what your bailiwick may be. You can trust that our years of expertise, drive and innovation, combined with leading-edge technology, will guide you to peak PPE performance. Let’s Make the Workplace A Betterplace™.

THREE PRODUCT PILLARS, ONE PURPOSE. MAKE THE WORKPLACE A BETTERPLACE.”
We can’t tell you how to do the dab. Or how to beat Stage 3 on American Ninja Warrior. Where did Richard Simmons go? Haven’t the foggiest. And who thought Lou Reed and Metallica made a good pairing? No clue. But we can tell you how to navigate the wondrous pages you hold before you. Features, benefits, model numbers. There’s a lot to get through. Before you go any further, take a glance at the guide and you’ll have all the answers you need. And if you’re more of a 1 and 0’s type, check out our website for all things social-centric, downloadable and otherwise digital. Enjoy.

TECH TAGS

THE ANCIENT EGYPTIANS COMMUNICATED VIA AN INTRICATE SYSTEM OF PICTOGRAMS KNOWN AS HIEROGLYPHICS. WITH THIS SYSTEM, THEY WROTE HISTORIES, CONQUERED MANY LANDS, AND COMPLETED THE ULTIMATE PYRAMID SCHEME. ALL WHILE WALKING SIDEWAYS! CONSIDER OUR TECH TAG SYSTEM A HUMBLE NOD TO THOSE SUN-WORSHIPPING ANCIENTS. CHECK THE KEY FOR ALL THE PERFORMANCE AND REGULATORY CHARACTERISTICS OF OUR TENACIOUS WORK GEAR®.
Sick of launching NO. 2s into the drop ceiling? Bored of trying to perfect your Van Halen logo doodles? Done obsessing over whether Ashley likes you or LIKE likes you? Yeah, we get it. The drudgery of the classroom isn’t for everyone.

Well then, have we got something for you! We’re traversing North America’s highways and byways to deliver on-site Tailgate Talks™ about heat stress, at-heights safety and more. And if there’s room, our Tenacious Assault Vehicle is ready to rumble onto your jobsite for an exemplary educational exhibit that will thrill the senses and dazzle the mind—all to eliminate whatever knowledge gaps may be keeping your crew from peak safety performance. And afterwards—if everyone’s been good—PIZZA PARTY!

SCHOOLWORK WE CAN GET BEHIND.

ALL THIS KNOWLEDGE CAN’T BE CONTAINED IN FOUR WALLS. WE’RE HITTING THE ROAD WITH OUR TAILGATE TALKS™.
Is your Doobie Brothers poster sun-bleached? Has the shag carpet lost its luster? Sounds like it’s time to spruce up the joint. And we’re not talking pine tree air fresheners and new throw pillows. We mean a full-on Orange-ification of the premises in the form of Ergodyne merchandisers. Standees, signage, specialty cases. All new corrugated show room features? You name it. We’ve got the goods to accompany all of our fine merchandise and get it flying out your doors. So get on the horn and place your orders. Operators are standing by...

PROTECTION
PUT UP YOUR DUKES.
It's a heavyweight bout and the gloves are off! You know, metaphorically speaking. Vying for the title, we have the wrath and wreckage of gnashing machines, bone-rattling vibration and Mother Nature's fury vs. durable, hi-tech, and versatile ProFlex® Gloves. ProFlex® weighs in with Armortex®, AX Suede™, OutDry® and 3M™ Thinsulate™ and provides options like cut resistance, dorsal protection and thermal insulation. These babies aren't exactly lightweights. Whose corner would you rather be in?
**PROFLEX® GLOVES:**

**TRADES SERIES**

**DIFFERENTIATED BY DESIGN**

- **RUGGED FINGERTIP REINFORCEMENTS**
- **EXTEND GLOVE LIFE**
- **CHOOSE CUT RESISTANCE, TOUCHSCREEN CAPABLE OR GENUINE LEATHER**
- **PADDED PALM**
- **ABSORBS SHOCKS AND IMPACTS**
- **PROTECTIVE NEOPRENE KNuckle PAD**

**HEAVY-DUTY UTILITY**

- Padded palm with Tena-Grip™ reinforcement
- Tena-Grip™-reinforced fingertips and thumb saddle
- Technical hex-stretch knit construction
- Neoprene knuckle pad
- Low-profile molded hook & loop closure with ID

**HEAVY-DUTY + CUT RESISTANCE**

- Armortex®-backed palm for enhanced cut protection
- Padded palm with Tena-Grip™ reinforcement
- Technical hex-stretch knit construction
- Neoprene knuckle pad
- Low-profile molded hook & loop closure with ID

**HEAVY-DUTY + TOUCH**

- Touchscreen thumb and index finger reinforcement
- Padded palm with Tena-Grip™ reinforcement
- Technical hex-stretch knit construction
- Neoprene knuckle pad
- Low-profile molded hook & loop closure with ID

**HEAVY-DUTY LEATHER-REINFORCED**

- Padded palm with durable leather reinforcement
- Leather fingertips, thumb, and thumb saddle
- Technical hex-stretch knit construction
- Neoprene knuckle pad
- Low-profile molded hook & loop closure with ID

**TASTE THE RAINBOW: COLOR-CODED FUNCTIONALITY**

All Proflex® Gloves are designed to perform and built to last. But sometimes, the job requires that little extra something to help handle your specific hazard. Technical adds like + Touch Screen and + Cut Resistance are found across the line with a color-coded system to show you the way.

**ORIGINAL MODELS**

The tried and true original. When looking for comfort or heavy duty, you know you've got the best for orange accents and technology. Look for green accents while staying protected.

**HI-DEX**

It's all about control and feel! Faster, sharper, cleaner. 75% thinner than the traditional touchscreen, our Hex-Tex™ gloves feature durable, capacious palms and fingertips that allow you to swipe, tap, and type while maintaining all touchscreen functionality. Look for green accents for tan accents for no protection?

**DO THE HI-DEX**

Want a softer, natural feel without sacrificing performance? Proflex® Gloves are made with genuine leather reinforcements above all the touchscreen technology. Learn how to keep your fingertips clean with regular genuine leather care applications. Look for the keyword for our touchscreen technology that suits your needs.

**THERMAL**

Because work doesn't stop just because the weather changes. With or without touchscreen, our Thermal Gloves keep your hands warm and dry when the temperature drops, and 30% of the work force are in the trades. Touchscreen gloves featuring state-of-the-art technology have capacitance gloves featuring state-of-the-art technology. Look for the keyword for our touchscreen technology that suits your needs.

LABELING 101: THE HANDBOOK ON HAND PROTECTION

EN388: 2016
All Proflex® Gloves are tested to EN 388, measuring and scoring four “mechanical risks”: abrasion, cut, tear and puncture. Gloves engineered to provide enhanced cut protection are also tested to cut-resistant standards: ISO 13997 and ANSI/ASTM F2992. Select Dorsal-Impact Reducing Series Gloves meet the impact protection criteria of EN 388. Select Vibration-Reducing Series Gloves meet ISO 10819/ANSI S.2.73, the global standard for anti-vibration. All this info can be found on the interior label of our gloves.

Confused? Read on!

ANSI/ASTM Cut Protection is noted as: Compliance with the ISO 10819:2013 Vibration-Reducing standard is noted as:

ANTI-VIBRATION SERIES

Differeniatied by Design

TPR Armor protects from flying debris

AVC™ (Advanced Vibration Control) Padded palm provides certified vibration reduction

FIND OUT MORE ABOUT THE TECHNOLOGY THAT GOES INTO THE FULL LINE OF ERGODYNE GLOVES AT: WWW.ERGODYNE.COM

HAVING IT YOUR WAY AND REDUCE THE RISK OF HAND-ARM VIBRATION SYNDROME

Certain models in Ergodyne’s Anti-Vibration Series meet the strict requirements of ISO 10819-2013/ANSI S2.73-2014, the global standard for anti-vibration gloves that serves as the last line of defense in the fight against HAVS. Choose from three different models with AVC™ (Advanced Vibration Control) Technology to fit your vibration situation.

There’s nothing basic about this base model. Full-length AVC™ Padding reduces harmful vibration from tools and equipment while the gripping palm provides a secure hold on handles and controls. Glove up and go.

Featuring a built-in wrist support with patented Open-Center Stay™ to go with an AVC™ Palm, the 9012 offers maximum protection and support.

Gloves are often heavy and the tasks they tackle can cause repetitive motion strain. Talk about double trouble. Featuring a built-in wrist support with patented Open-Center Stay™, the 9012 offers maximum protection and support.

From jackhammers to Jack’s hammer, sometimes vibration on the palm also comes with hazards to the backside (of the hand). Molded TPR armor on the 9015(x) protects the dorsal area from flying debris and impacts as AVC™ padding does its AV duty.

PROFLEX® KNEE PADS GEL TECHNOLOGY

INJECTED GEL TECHNOLOGY (342, 344, 345, 347)

INJECTED GEL PROVIDES:
- Increased Wearer Comfort
- Improved Worker Productivity (Work longer in greater comfort)
- Enhanced Knee Pad Durability (Gel does not slide and wear)

LIGHTWEIGHT GEL TECHNOLOGY (345, 347, 349, 377)

LIGHTWEIGHT GEL PROVIDES:
- Reduced Wearer Fatigue
- Lightweight Comfort
- Gel Performance at an Exceptional Value

EXTRA LONG CAP INJECTED GEL

- Extra long cap for maximum coverage and stability
- Non-slip rubber cap grips kneeling surface
- Injected gel + PU foam for all-day comfort
- Breathable perforated neoprene top strap
- Bottom strap secures knee pad around calf

LONG CAP INJECTED GEL

- Long cap design provides protection and stability
- Non-slip rubber cap grips kneeling surface
- Injected gel + PU foam for all-day comfort
- Breathable perforated neoprene bottom strap
- Top elastic strap cinches tight with plastic clip

SHORT CAP INJECTED GEL W/ COMFORT STRAPS

- Short cap design for mobility when kneeling
- Non-slip rubber cap grips kneeling surface
- Injected gel + PU foam for all-day comfort
- Padded straps on thigh and calf will not bind up
- Plastic clips cinch tight and keep straps secure

LIGHTWEIGHT GEL PROVIDES:
- Reduced Wearer Fatigue
- Lightweight Comfort
- Gel Performance at an Exceptional Value

EVA FOAM GEL KNEE PADS

- Extra long cap for maximum coverage and stability
- Non-slip rubber cap grips kneeling surface
- Injected gel + PU foam for all-day comfort
- Breathable perforated neoprene top strap
- Bottom strap secures knee pad around calf

MIND THE GRIND
WORKING ON YOUR KNEES 365 IS ENOUGH TO BRING ANYONE DOWN. TIME TAKES A TOLL, BUT WEARING GOOD KNEE PROTECTION NOW CAN SAVE YOU THOUSANDS IN KNEE REPLACEMENTS LATER – AND KEEP YOU WORKING WELL INTO YOUR GOLDEN YEARS.

KNEE PADS // GEL SERIES //

- Long cap design provides protection and stability
- Non-slip rubber cap grips kneeling surface
- Lightweight gel + EVA foam for mobile comfort
- Bottom webbing and top elastic straps
- Plastic clips cinch tight and keep straps secure

- Short cap design for mobility when kneeling
- Non-slip rubber cap grips kneeling surface
- Lightweight gel + EVA foam for all-day comfort
- Bottom webbing and top elastic straps
- Plastic clips cinch tight and keep straps secure

- Short cap design for mobility when kneeling
- Non-slip rubber cap grips kneeling surface
- Lightweight gel + EVA foam for mobile comfort
- Bottom webbing and top elastic straps
- Plastic clips cinch tight and keep straps secure

- Round cap for highest degree of kneeling mobility
- Non-slip rubber cap grips kneeling surface
- Lightweight gel + EVA foam for mobile comfort
- Breathable perforated neoprene bottom strap
- Top elastic strap cinches tight with plastic clip

- Abrasion-resistant round hard cap
- Hard cap allows knee pad to slide and swing
- Lightweight gel + EVA foam for mobile comfort
- Breathable perforated neoprene bottom strap
- Top-elastic strap cinches tight with plastic clip

- 12mm NBR gel padding & 20mm EVA padding
- SHOBD ballistic nylon outer shell
- Slip-resistant durable 420D nylon-rubber surface
- Adjustable, breathable neoprene stretch strap
- Hook & loop closure

### BACK SUPPORT SERIES

**DIFFERENTIATED BY DESIGN**

**V-SHAPED DESIGN PROVIDES SUPERIOR FIT**

**POWER PANEL POSITIONERS™ FOR ACTIVE AND AT-REST USE**

**STICKY FINGERS® STAYS KEEP SUPPORT IN POSITION**

### STANDARD SPANDEX BACK SUPPORT

- 8" premium durable 280D spandex body material
- Patented non-conductive Sticky Fingers® stays
- Innovative Power Panel Positioners™
- Adjustable, detachable suspenders
- Rubber track welding

### UNIVERSE SIZE BACK SUPPORT

- 9.75" durable 280D spandex body material
- Universal size fits most waists
- Non-conductive polypropylene stays
- Adjustable, detachable suspenders
- Rubber track welding

### STANDARD ELASTIC BACK SUPPORT

- 7.5" economical 840D spandex body material
- Non-conductive polypropylene stays
- Adj. elastic back panel
- Adjustable, detachable suspenders
- Rubber track welding

### LOW-PROFILE WEIGHT LIFTERS STYLE BACK SUPPORT

- 6.25" low-profile tapered design
- Flexible soft foam core composition
- Non-conductive body fabric
- Easy care buckle closure system
- Rubber track welding

## ECONOMY SPANDEX BACK SUPPORT

- 8" economical spandex body
- Non-conductive polypropylene stays
- 280D spandex body material
- Adjustable, detachable suspenders
- Rubber track welding

## ECONOMY VIS SPANDEX BACK SUPPORT

- 8" economical hi-vis spandex body
- Non-conductive polypropylene stays
- Adjustable, detachable suspenders
- Rubber track welding

## HIGH PERFORMANCE SPANDEX BACK SUPPORT

- 8.5" 840D spandex body material
- Patented non-conductive Sticky Fingers® stays
- Innovative Power Panel Positioners™
- Unique V-shaped design
- Adjustable, detachable suspenders

## MESH BACK SUPPORT WITH LUMBAR PAD

- 30" breathable mesh outer shell
- Innovative Power Panel Positioners™
- Contoured, ventilated lumbar pad
- Two-stage closure

## STANDARD WEIGHT LIFTERS STYLE BACK SUPPORT

- 7.75" rigid foam body
- Durable 900D foam laminated nylon body fabric
- Foam lumbar pad

## LOW-PROFILE WEIGHT LIFTERS STYLE BACK SUPPORT
**PROFLEX SUPPORTS:**

**WRIST SUPPORT SERIES**

**DIFFERENTIATED BY DESIGN:**

- Anti-odor treatment keeps support fresh
- Open-center stay limits motion while preventing pressure on median nerve
- Elastic or neoprene construction for support and comfort

</tbody>
</table>

**Features:**
- Neoprene
- Ambidextrous
- Two reversible hook & loop straps

---

**Note:**

Patented Open-Center Stay™

Ensures comfort by maintaining proper alignment directly over the carpal tunnel, and our stay is securely strapped with an elastic or neoprene band, providing support and comfort to the median nerve. With a contoured design that follows the wrist’s natural shape, the patented, ambidextrous open-center stay offers greater worker comfort and compliance.
**PROFLEX SUPPORTS:**

**WRAPS & SLEEVES SERIES**

GLOWEAR
HI-VIS APPAREL
GLOWEAR® HI-VIS APPAREL

Hank Williams saw it. There was an entire Electric Orchestra named after it. Manfred Mann was blinded by it (and "Wrapped up like a doofus" if we heard it right). There's just something about the light. Get your shine on with GloWear® Hi-Vis Apparel and see what all the fuss is about. ANSI-compliant, sometimes flame-resistant, and always available in a variety of garment types, designs and sizes, you'll never hide under a bushel basket again.

CONTACT THEORY OF CONSPICUITY

MUCH KNOWLEDGE IS CONTAINED IN A SIMPLE EQUATION: 2 + E = 3!

GENERAL THEORY

You can obtain Class 3 compliance in one of two ways. The most obvious is to buy an ANSI 107 Class 3 compliant garment. The less obvious ways. The most obvious is to buy an ANSI 107 Class 3 compliant garment. Either way, you are clearly high-class.

**MAKE IT CUSTOM!**

Here’s the drill: Custom Logo Program

Because we have so many options and styles of products available to custom logo, we can do almost anything.

**You Give Us:**
- Suitable digital art files or camera-ready artwork. (EPS-format files work best but large, hi-res TIF or JPEG files [300+ dpi] work too.)
- All necessary PMS/Pantone colors.
- Approval of a digital mock-up.

**We Give You:** A product with a look all your own.

Minimums vary based on the type of product. Don’t worry, it’s low.

Call Ergodyne Customer Support today to answer all your custom logo questions – we’ll make it easy for you to look good!

MILITARY INSPIRED. WORKPLACE REQUIRED. WEEKEND DESIRED.
SKULLERZ’ EYE PROTECTION

Triple threat? Happens every day, usually before lunch. Triple compliance? Certainly not your ordinary eye protection. Norse God-named, full- or half-framed, our sweet Skullerz® Safety Glasses have your back from workday to weekend and everywhere in-between — with ANSI compliance across the board, MIL-PRF ballistic impact protection that comes standard, and CSA compliance on a full six models. Each one boasts UV protection, scratch resistance, lightweight frames, and a host of condition-specific lenses. With options for inherent, permanent Fog-Off™ anti-fog technology or polarized premium lenses to reduce glare, you now have eye protection that works as hard as you do. Your move, James Brown.
**SKULLERZ® EYE PROTECTION:**

**HIGH VELOCITY IMPACT TEST**
Simulates Flying Debris

- ANSI Z87.1+: 150 ft./sec
- CSA Z94.3: 46.5 m/sec
- MIL-PRF 32432: 660 ft./sec

**HIGH MASS IMPACT TEST**
Simulates Blunt Force

- ANSI Z87.1+: 18 oz. steel missile dropped from 50 in.
- CSA Z94.3: —
- MIL-PRF 32432: Follows ANSI Z87.1+

**PENETRATION RESISTANCE TEST**
Simulates a Poke in the Eye

- ANSI Z87.1+: Weighted needle dropped from 50 in.
- CSA Z94.3: —
- MIL-PRF 32432: Follows ANSI Z87.1+

**THE ANATOMY OF EYE DEFENSE.**

TESTED TO THE FOLLOWING STANDARDS:

- **MIL-PRF 32432** // **ANSI Z87.1+** // **CSA Z94.3**

**TESTED ON DUMMIES BECAUSE YOU AREN’T ONE.**

**Hey, FOG-OFF™!**

- Permanent… will not wash or wear off
- Meets EN and ASTM anti-fogging requirements
- Choose clear, smoke or indoor/outdoor

**Dare the glare**

- Premium coating filters out all but direct light
- Use around water, snow, and flat or shiny surfaces
- Choose smoke, copper or G15

**Twist and shout**

- Nylon frames flex without breaking
- Bend to adjust for custom fit
- Durable construction extends life

**THE THREE DIFFERENT TECHNOLOGIES. ONE PURPOSE: PROTECT YOUR EYES.**

**POLARIZED**

**NON-POLARIZED LENS**

**TYPICAL LENS**

**FOG-OFF™**

MAY HAVE TO BE MOTHERLY TENDERED TO USE.
**SKULLERZ® FRAME OPTIONS**

- Clear
- Smoke
- Platinum

**Features**

- Meets ANSI Z87.1+, CSA Z94.3 and MIL-PRF 32432 Impact Requirements
- Scratch-resistant lenses block 99.9% of harmful UV rays
- Designed specifically for female workers and wearers
- Sleek temples; no rubber to snag in longer hair
- Available Fog-Off™ technology won’t wash, wear off
- Premium polarized lenses available
- Optional foam gasket insert to reduce debris entry

---

# Single Lens Safety Glasses

**Frame Colors**

- Black
- Gray
- Red
- Yellow

**Lens Options**

- Clear
- Smoke
- Platinum

**Features**

- Meets ANSI Z87.1+, CSA Z94.3 and MIL-PRF 32432 Impact Requirements
- Scratch-resistant lenses block 99.9% of harmful UV rays
- Single lens, blade frame design provides wide field of vision and coverage
- Rubber temple tips and nose piece
- Available Fog-Off™ technology won’t wash, wear off

---

# Medium Frame Safety Glasses

**Frame Colors**

- Black
- Gray
- Red
- Yellow

**Lens Options**

- Clear
- Smoke
- Platinum

**Features**

- Meets ANSI Z87.1+ and MIL-PRF 32432 Impact Requirements
- Scratch-resistant lenses block 99.9% of harmful UV rays
- Stylish medium frame design
- Great glasses at a super price point
THE EYE PROTECTION ACCESSORY SERIES

**DIFFERENTIATED BY DESIGN**

**BALLISTIC NYLON**

**ZIPPER CLOSURE**

**MICROFIBER CLEANING CLOTH**

**BALLISTIC ZIPPER CASE**

- Ballistic nylon shell with soft brushed inside
- Fits and stores all Skullerz® models
- Zipper closure
- Includes 3216 microfiber cleaning cloth

**ZIPPER CASE WITH CLIP**

- Nylon shell with soft brushed inside
- Fits and stores all Skullerz® models
- Convenient clip attaches to other gear
- Zipper closure
- Includes 3216 microfiber cleaning cloth

**MICROFIBER CLEANING CLOTH**

- Safely cleans lenses without scratching
- Soft microfiber material
- Embossed Ergodyne logo pattern

**MICROFIBER CLEANING BAG**

- Safely cleans lenses without scratching
- Soft microfiber material
- Embossed Ergodyne logo pattern

**COTTON EYEWEAR LANYARD**

- 100% cotton
- Adjustable barrel slide
- Slides over temple ends

**BREAKAWAY COTTON EYEWEAR LANYARD**

- 100% cotton
- Breakaway design
- Adjustable barrel slide
- Slides over temple ends

**BREAKAWAY ROPE EYEWEAR LANYARD**

- 3mm braided nylon rope
- Breakaway design
- Slip-style attachment fits variety of temple sizes

**NEOPRENE EYEWEAR LANYARD**

- Lightweight neoprene
- Slides over temple ends

**ELASTIC COIL EYEWEAR LANYARD**

- Stretchable nylon/elastic
- Slip-style attachment fits variety of temple sizes

**STRAPS & GASKETS**

- Reduces dust and debris entry
- Snaps in place at corners
- Easily removes when not desired or for cleaning
- Use alone or with elastic retainer strap

**STRAPS**

- Reduces dust and debris entry
- Snaps in place at corners
- Easily removes when not desired or for cleaning
- Use alone or with elastic retainer strap

**STRAWS & GASKETS**

- Reduces dust and debris entry
- Snaps in place at corners
- Easily removes when not desired or for cleaning

You wear a yarmulke to a bar mitzvah. You wear a fedora to go clubbing in Miami. You wear a bowler to ... sorry, do people still wear bowlers? If you want to get through a shift without putting a dent in your melon, you wear Skullerz® Head Protection. The models are brimming with different, well, brims, plus hi-vis colors, hands-free LED lighting, and a brand-new insert built to turn that trusty ball cap into a piece of PPE. It’s a no-brainer: Skullerz® are what you need to safeguard your dome.
**SKULLERZ® BUMP CAP SERIES**

- **Head Protection**
- **Bump Cap Series**
- **Choose from three different color options + brim lengths**
- **Patented shell protects, flexes and breathes**
- **En 812-compliant protection**
- **Optional LED lighting technology for hands-free workspace illumination**
- **Innovative closure design keeps cap in place**

---

### Bump Cap / XL Bump Cap

- Renewable, impact-resistant shell with foam lining
- Patented flanged design for comfort and airflow
- Nylon or hi-vis polyester with reflective accents
- Micro (30mm), short (50mm) or long (80mm) brim
- EN 812-compliant patented design

PREVENTION
FOUR SIMPLE STEPS TO SAFER WORK.

OBJECTS AT HEIGHTS

TRAPPING

Trapping refers to retrofitting a connection point onto a tool for a safer attachment point. Most tools do not come with a secure attachment point built into the tool. In these situations, a secure attachment point must be created.

TETHERING

Once all tools have an attachment point, the appropriate tethering solution can be selected. Consider the following factors to select the appropriate solution: Weight of tool, type of connector(s) on lanyard, clearance, reach and snag hazard.

Topping

There are different ways of transporting equipment to heights and a variety of containers used to store the equipment while in transit. Regardless of which container is used, there are three critical best practices: Hands-free climbing, closed container and weight rating.

CARRYING

At-Heights Tool Bag:

- 5927
- 5930
- 5935
- 3770

HOISTING

Bucket:

- 5960T

TRAINING

Check out our comprehensive Objects at Heights (O@H) training programs and collateral covering everything from basic training to certified Drop Cop®. Visit www.ergodyne.com for more or email training@ergodyne.com to get your schooling started.

LEARN HOW TO BECOME A DROP COPS® PRO...

STAY SAFE ON THE JOB WITH O@H GUIDES AND TETHERING SYSTEM POSTERS.
GIVE DROPS THE SLIP.
SQUIDS® LANYARDS

You can drop a call, the beat or the ball. You can do a drop step, drop kick or drop shot. Drop out, drop tough, drop us a line. But we won’t stand idly by while you drop a wrench, hammer or tape measure. So, we present to you our Squids® Lanyards. We’ve got a war chest full of gravity-defying dropped objects prevention solutions ready to help you get a grip and get to work.

MAY THE FORCE NOT BE WITH YOU...

Ergodyne Squids® Tool Lanyards are scientifically engineered to reduce drop forces and prevent workers from being pulled down when they drop an object. When you choose an Ergodyne lanyard, you’re choosing superior materials and performance developed and tested (hundreds of times) to be the best – hands down. As you can see, the results speak for themselves. Don’t believe us? Visit www.ergodyne.com and click the WATCH tab to see this drop test with your own eyes. No smoke and mirrors here.

OURS ARE BETTER. PERIOD.

GRAVITY REALITY CHECK
NEARLY HALF OF ALL STRUCK-BY FATALITIES IN 2015 WERE CAUSED BY DROPPED OBJECTS (247). KEEPING TOOLS SECURELY TETHERED IS A LIFESAVER.

**SQUIDS’ LANYARDS: ATTACHMENT SERIES (POWER TOOLS)**

**PATENT-PENDING DESIGN COMES COMPLETE WITH HARDWARE READY TO FASTEN TO MOST POWER TOOLS**

**MULTIPLE STYLES FOR A VARIETY OF POWER TOOLS**

**POWER TOOL TRAP™ - PNEUMATIC BRACKET**
- For installation on air tools to create tether point
- Stainless steel bracket attaches to hose coupler
- Design allows attachment to swivel when tethered
- Set comes with plate
- Fits 3/8” hose coupler

**POWER TOOL TRAP™ - DRILL/IMPACT DRIVER BRACKET**
- For installation on drills/drivers to create tether point
- Stainless steel bracket and fasteners for application
- Versatile design attaches to variety of tools
- Set comes with plate, two fasteners, two washers
- Fits 2.5m, 3.0m, 4.0m screw ports on tools

**POWER TOOL TRAP™ - GRINDER BRACKET**
- For installation on grinders to create tether point
- Stainless steel bracket and fasteners for application
- Versatile design attaches to variety of grinders
- Set comes with plate, two fasteners, one washer
- Fits 8m and 10m screw ports on tools

**POWER TOOL TRAP™ - BATTERY WRAP**
- 1000D nylon with water-resistant backing
- Hook & loop straps secure power tool battery
- Nickel-plated cast D-ring
- Prevents battery from becoming a dropped object
- Fits batteries up to 3.5in L x 2.75in W x 2.5in H (9cm x 7cm x 6.5cm)

**POWER TOOL TRAP™ - BATTERY WRAP (Larger)**
- 1000D nylon with water-resistant backing
- Hook & loop straps secure power tool battery
- Nickel-plated cast D-ring
- Prevents battery from becoming a dropped object
- Fits batteries up to 5.0in L x 3.5in W x 3.5in H (12.5cm x 9cm x 9cm)

**Note:** This may go without saying, but we’ve gonna say it anyway — lanyards, tools and supplies not included.

- Energy-absorbing cord with tubular-nylon webbing
- Single-action aluminum carabiner
- Reflective accent for higher visibility
- Lock stitching at both ends for extra security

**DUAL CARABINER TOOL LANYARD**
- Energy-absorbing cord with tubular-nylon webbing
- Single-action aluminum carabiner
- Reflective accent for higher visibility
- Lock stitching at both ends for extra security

**SS SCREWGATE CARABINER LANYARD**
- Energy-absorbing cord with tubular-nylon webbing
- Manual locking stainless steel (SS) carabiners (#3134)
- Twin leg for two tools or 100% tie-off of one tool
- Lock stitching at both ends for higher visibility
- Lock stitching at both ends for extra security

**SS SCREWGATE TRIPLE CARABINER - TWIN LEG**
- Energy-absorbing cord with tubular-nylon webbing
- Manual locking stainless steel (SS) carabiners (#3134)
- Twin leg for two tools or 100% tie-off of one tool
- Lock stitching at both ends for higher visibility
- Lock stitching at both ends for extra security
**ACCESSORY ANCHOR**

- Heavy-duty 45mm polyester webbing
- Nickel-plated iron D-Ring
- 840D nylon wear protector sleeve
- Not for climbing or fall arrest

**ELASTIC HARD HAT LANYARD**

- Comfortable, high-stretch elastic material
- Easily attaches to hard hats and other headwear
- Double-lock plastic buckle attaches to harness

**COIL HARD HAT LANYARD**

- Low-profile, durable plastic coil
- Easily attaches to hard hats and other headwear

**ID & BADGE HOLDER**

- Durable vinyl construction
- Fits 4.75” x 3” (12.1cm x 7.6cm) ID

---

**COIL TOOL LANYARD**

- Constructed with PU-coated aircraft cable
- Stainless steel carabiners (#304)
- Coil design prevents snag and tangle hazards
- Swivel design prevents tangling and tool recall
- Extended length 5' (152cm)

**PULL-ON WRIST TOOL LANYARD - CARABINER**

- Elastic maintains snug fit
- Pull-on design provides easy on/off
- One-size-fits-all
- Stainless steel (#304) carabiner
- Tuck-away pocket to keep connector when not in use

**PULL-ON WRIST TOOL LANYARD - BUCKLE**

- Elastic maintains snug fit
- Pull-on design provides easy on/off
- One-size-fits-all
- Modular quick connecting buckle
- Tuck-away pocket to keep connector when not in use

**WHIST TOOL LANYARD**

- Polyester webbing cuff secures to wrist
- Energy-absorbing ribbed pull cord
- Adjustable barrel lock for tool attachment
- Short length improves the drop clearance needed
- Wrist Measurement: S/M 5” – 7” (13cm – 18cm)
- Wrist Measurement: L/XL 7” – 8½” (18cm – 22cm)

**COIL HARD HAT LANYARD-CLAMP**

- Low-profile, durable plastic coil
- Easily attaches to hard hats and other headwear
- Coil design prevents snag and tangle hazards
- Quick-connect clamp attaches securely to fabric

**ONE WORD REVIEW: KEEPER**
Tethering Solutions: Putting the Kit Together.

If more than three decades in the industry has taught us anything, it’s that convenience is king when it comes to safety measures. With that in mind, we’ve put together six popular "ready to go" tethering kits for common job site tools. They’re designed to be easy to choose and easy to use, so you have no excuse to be too legit to kit. You don’t have to be Pythagoras to do the math either: Tool + Tail/Trap + Tether = a tailor-made solution to help you slow gravity’s roll. Throw them in your topped container and you’ve crossed all your T’s.

**3180 Kit**
- Tether up to six 2lb (0.9kg) tools
- Kit includes 3700, 3755, and 3120F
- 3700: 4.5" (11.5cm) Web Tool Tails (8 Pack)
- 3755: Self-Adhering Tape Trap requires no heat
- 3120F: Cabled Lanyard Design Prevents Snagging

**3191 Kit**
- Tether up to six 3lb (1.4kg) tools
- Kit includes 3700, 3755, and 3130S
- 3700: 4.5" (11.5cm) Web Tool Tails (8 Pack)
- 3755: Self-Adhering Tape Trap requires no heat
- 3130S: Pull-On Wrist Lanyard with Buckle

**3190/3193 Kit**
- Tether up to four 5lb (2.3kg) tools
- Kit includes 3103, 3755, and 3102F
- 3103: Accessory Kit - Detachable Loops (3 Pack)
- 3755: Self-Adhering Tape Trap requires no heat
- 3102F: Detachable Single Carabiner

**3182 Kit**
- Tether up to four 5lb (2.3kg) tools
- Kit includes 3120, 3755, and 3120F
- 3120: Elastic Loop Tool Tails™ Swivel
- 3755: Self-Adhering Tape Trap requires no heat
- 3120F: Tool Lanyard Single Carabiner

**3181 Kit**
- Tether up to three 10lb (4.5kg) tools
- Kit includes 3770, 3755, and 3100F
- 3770: Tape Measure Trap
- 3755: Self-Adhering Tape Trap requires no heat
- 3100F: Tool Lanyard Single Carabiner

**3190 Kit**
- Tether up to four 5lb (2.3kg) tools
- Kit includes 3120, 3755, and 3120F
- 3120: Elastic Loop Tool Tails™ Swivel
- 3755: Self-Adhering Tape Trap requires no heat
- 3120F: Tool Lanyard Single Carabiner

**3190 Kit**
- Tether one standard tape measure
- Kit includes 3700, and 3120F
- 3700: Tape Measure Trap
- 3120F: Tool Lanyard Single Carabiner

**3191 Kit**
- Tether one standard cordless power tool
- Kit includes 3700, and 3120F
- 3700: Power Tool Trap Belt™
- 3120F: Tool Lanyard Single Carabiner

**METAL DETECTABLE GRABBER - DUAL CLIP MOUNT**

- Clips to clothing, belts, tool belts and D-rings
- Holds PPE, tools, accessories and other items
- Prevents dropped objects and foreign material
- Durably-constructed metal-impregnated, ultra-resilient acrylic copolymer
- Deep blue color signals metal detectability

**GRABBER - DUAL CLIP MOUNT**

- Clips to clothing, belts, tool belts and D-rings
- Holds PPE, tools, accessories and other items
- Prevents dropped objects and foreign material
- Durable, ultra-resilient acrylic copolymer
- Dielectric / non-conductive material

**GRABBER - BELT CLIP MOUNT**

- Clips to belts, tool belts, wedding and party attire
- Holds PPE, tools, accessories and other items
- Prevents dropped objects and foreign material
- Durable, ultra-resilient acrylic copolymer
- Dielectric / non-conductive material

---

**TIE HOOK - LOCKING HOOK**

- Large locking hook with 360° swivel (1.5"/38mm)
- Resiliable sliding belt lock mechanism
- High tensile strength, weather-resistant nylon 66
- Temperature range: -40°F – 176°F (-40°C – 80°C)
- Resistant to oil, salt, solvents and alkali

PATENTED SAFETY TOP

DURABLE FABRICS

REINFORCED BOTTOM

* Note: lanyards and tools not included... Duh!
**EQUIPMENT TRANSPORTATION 101: THE DO’S AND DON’TS OF DROPS**

**RISKS**
- Risks associated with poor equipment transportation
  - SPRING OR STRAIN: That toll may not lead to a muscle pull or hernia due to excessive or uneven lifting, but too much force during a long climb on a hot day could stress the body in other ways, such as heat or exertion — coupled with extreme conditions like heat — can be dangerous.
  - FATIGUE / EXHAUSTION: Improperly carrying equipment to heights can lead to them overloading themselves, particularly if they’re trying to carry too much up.
  - FALLING OBJECT / STRUCK-BY: Improperly carrying equipment to heights can easily lead to those objects taking a tumble below. Properly carrying equipment to heights can lead to trip hazards all while at height can lead to trip hazards all causing a potential trip, fall or fall.
  - FALLS TO LOWER LEVEL: Too much weight on a worker can drag them down, not having a lifting plan in place for hoisting can swing a load into someone, or not having the proper equipment to lift a load will lead to them into your pocket or not securing them when hoisting can easily lead to those objects taking a tumble below.
  - SPRAINS OR STRAINS: Improperly carrying equipment to heights can lead to them overloading themselves, particularly if they’re trying to carry too much up.
  - SAFETY FACTOR: It’s important to have a top or closure that is tested to carry contents that cannot be tethered.

**BEST PRACTICES**
- Equipment transportation best practices to mitigate those risks.
  - **NEVER CARRY OBJECTS IN YOUR POCKETS**
  - **ALWAYS MAINTAIN THREE POINTS OF CONTACT**
    - (NEVER CARRY A CONTAINER IN YOUR HAND)
  - **USE CONTAINERS WITH SECURE TOPS AND/OR TETHERING ANCHOR POINTS**
  - **USE MECHANICAL ADVANTAGE TO HOIST, IF POSSIBLE**
  - **HAVE A LIFT PLAN IN PLACE — REGARDLESS OF IF A CRANE IS BEING USED**

**CERTIFIED EQUIPMENT**
- There are hundreds of bags, buckets, pouches and holsters out there, but your standard five-gallon pail ain’t gonna cut it up there. Portable containers that are hoisted and stationary containers that are carried should be rated.

**STATIC TESTING**
- Portable and stationary containers should be statically pulled or loaded with a 5:1 safety factor.

**INVERTED STATIC TESTING**
- Containers designed to carry contents that cannot be tethered should have a top or closure that is tested upside down up to a 2:1 safety factor.

**DYNAMIC TESTING**
- Containers should have drop testing done as well including attachment points meant to anchor lanyards.

**BUDDIES ORGANIZER - LARGE**

- Clamshell two-pocket open design
- Screened mesh material for visibility
- ID pocket for business cards or labels
- Color-coded for easily distinguishing contents
- 10"L x 4.5"W x 3.5"H (25cm x 12cm x 9cm)

**WRENCH ROLL-UP**

- 14 graduated slots fit most wrench sets
- Nickel-plated grommets for hanging
- Fold, roll and tie for easy transport
- Fits 3/8”-1 1/4” or 6mm-32mm wrenches
- Nickel-plated grommets for hanging
- 26.5"L x 16.5"H (67.5cm x 42cm) - Tall
- 26"L x 22"H (67cm x 56cm) - Short

**CANVAS WRENCH ROLL-UP**

- 16oz canvas
- 14 graduated tool slots fit most wrench sets
- Nickel-plated grommets for hanging
- Heavy-gauge nylon stitching
- 26.5"L x 16.5"H (67.5cm x 42cm)

**TOOL ROLL-UP**

- 25 pockets for various tools
- Two tarpaulin zipper pockets for storage
- Carry handle for easy transportation
- Buckle closure system for security
- 27"L x 14"H (69cm x 37cm)

---

**CANVAS TOOL ROLL-UP**

- 16oz canvas
- 16 interior pockets
- Carry handle for easy transport
- 22"L x 14.5"H (56cm x 37cm)

**TOOL ROLL-UP**

- 25 pockets for various tools
- Tarpaulin zipper pockets for storage
- Carry handle for easy transportation
- Buckle closure system for security
- 27"L x 14.5"H (69cm x 37cm)

---

**WRENCH ROLL-UP**

- 14 graduated slots fit most wrench sets
- Nickel-plated grommets for hanging
- Fold, roll and tie for easy transport
- Fits 3/8”-1 1/4” or 6mm-32mm wrenches
- 26"L x 22"H (67cm x 42cm)

**BUDDIES ORGANIZER - LARGE**

- Clamshell two-pocket open design
- Screened mesh material for visibility
- ID pocket for business cards or labels
- Color-coded for easily distinguishing contents
- 10"L x 4.5"W x 3.5"H (25cm x 12cm x 9cm)

**BUDDIES ORGANIZER - SMALL**

- Clamshell two-pocket open design
- Screened mesh material for visibility
- ID pocket for business cards or labels
- Color-coded for easily distinguishing contents
- 7.5"L x 4.5"W x 3"H (19cm x 12cm x 8cm)

---

**CABLE ORGANIZER**

- 3600D ballistic polyester
- Keeps jumper cables or cords stowed
- Exterior pocket for maps, gauges, etc.
- Rugged dual webbing handles
- 23.5"L x 3.5"H (60cm x 9cm)

**CABLE ORGANIZER**

- Clamshell two-pocket open design
- Screened mesh material for visibility
- ID pocket for business cards or labels
- Color-coded for easily distinguishing contents
- 10"L x 4.5"W x 3.5"H (25cm x 12cm x 9cm)

### PPE STORAGE SERIES

**DIFFERENTIATED BY DESIGN**

#### OPEN DESIGN

**5080/5080L**  
**SCBA MASK BAG**  
- Primarily made with 1000D nylon  
- Drawstring/Loop access with one-handed operation  
- Reflective strip for better visibility  
- Steel clasp to attach to bag, belt or other gear  
- ID window for user identification  
- 5080L: Features brushed polyester fleece lining  
- **5080**: 650ci (11 l)  
- **5080L**: 135ci (2.2 l)  
- **5080**: Red  
- **5080L**: Black  

**5092/5093**  
**PADDED QUICK ADJUST SUSPENDERS**  
- Primarily made with 600D nylon  
- Heavy-duty polyester webbing  
- "H" back design  
- Foam padded shoulder straps  
- 5093: Features reflective strips  
- **5092**: 145ci (2.4 l)  
- **5093**: 190ci (3 l)  
- **5092**: Black  
- **5093**: Black  

**5180**  
**HALF-MASK RESPIRATOR WAIST PACK**  
- Primarily made with 420D nylon  
- Plastic buckle closure on waist strap  
- Cover flap with hook and loop closure  
- **5180**: 35ci (0.5 l)  
- **5180**: Black  

**5181**  
**FULL-FACE RESPIRATOR BAG**  
- Primarily made with 420D nylon  
- Hook and loop allows for easy attachment  
- Cover flap with hook and loop closure  
- **5181**: 40 ci (0.6 l)  
- **5181**: Black  

**5182**  
**HALF-MASK RESPIRATOR BAG**  
- Primarily made with 420D nylon  
- Hook and loop allows for easy attachment  
- Cover flap with hook and loop closure  
- **5182**: 105ci (1.7 l)  
- **5182**: Black  

**5183**  
**FULL-FACE RESPIRATOR BAG**  
- Primarily made with 420D nylon  
- Hook and loop allows for easy attachment  
- Cover flap with hook and loop closure  
- **5183**: 295ci (4.8 l)  
- **5183**: Black  

**5184**  
**MOUTHBIT RESPIRATOR WAIST PACK**  
- Primarily made with 420D nylon  
- Plastic buckle closure on waist strap  
- Cover flap with hook and loop closure  
- **5184**: 35ci (0.5 l)  
- **5184**: Black  

**5130**  
**FALL PROTECTION BAG**  
- Primarily made with 600D polyester  
- Drawstring opening and barrel lock closure  
- Webbing carry strap handle, grommeted drain hole  
- Flap to protect from dust filled environments  
- **5130**: 650ci (11 l)  
- **5130**: Black  

*Note: This may go without saying, but we’re gonna say it anyway – respirators not included with bags.*

LARGE RESPONDER GEAR BAG

- Primarily made with 600D polyester
- Tarpaulin-reinforced bottom with molded feet
- Large clamshell side pockets drop down
- Top grab handles for rapid response clutch-and-go
- 25.5” x 14.7” x 10.5” (65cm x 37cm x 27cm)

MEDIUM RESPONDER GEAR BAG

- Primarily made with 600D polyester w/ reinforced backing
- Adjustable internal dividers
- Reflective stripe
- ID card window
- Blue or Orange
- 19” x 12” x 8.5” (48cm x 30cm x 22cm)

SMALL RESPONDER GEAR BAG

- Primarily made with 600D polyester w/ reinforced backing
- ID card window
- Reflective stripe
- Blue or Orange
- 14.5” x 9” x 7” (37cm x 23cm x 18cm)

LARGE RESPONDER BACKPACK

- Primarily made with 600D polyester
- Tarpaulin-reinforced bottom with molded feet
- Cushioned mesh padding for comfort
- Front compression straps to hold blanket, etc.
- 32.5” x 14.5” x 12” (83cm x 37cm x 30cm)

MEDIUM RESPONDER BACKPACK

- Primarily made with 600D polyester w/ reinforced backing
- Padded shoulder straps w/ reflective striping
- Phone holder
- Heavy-duty carry handle
- 21” x 9” x 10” (53cm x 23cm x 25cm)

RESPONDER TRAUMA BAG

- Primarily made with 600D polyester w/ reinforced backing
- Six division, multi-tiered mesh interior pocket
- ID card window
- Blue or Orange
- 14” x 8” x 7” (36cm x 20cm x 18cm)

ELEMENTS
RELIEF IS CALLING. BETTER PICK UP.
Our Chill-Its® Cooling Products are cold as ice and you better believe they’re willing to sacrifice for your comfort. These babies aren’t just a speed bump on the Highway to Hell, either. They’re designed to give heat-related illness the cold shoulder and keep your mercury levels just the way you want them. Vests, bandanas, hydration packs and more. If it cools you down, we’re ready to order it up.
An innovative, hyper-evaporative material, Poly Vinyl Acetal (PVA) retains water while remaining dry to the touch for sweet cooling relief on the most sweltering of days. Flat Earth Society-approved.

Three to 20 ounces of water provides up to three days of cool. Just pour in water, evenly distribute and ahhhh. 100% dry, lightweight cooling relief. With our exclusive dry evaporative technology, workers find their chill without getting bogged down (and it’s machine-washable to boot!)

When soaked in cold water, these non-toxic, super-absorbent acrylic polymers expand and absorb just enough water to create a Love Potion No. 9 sensation for up to four hours. But if that sweet cooling sensation lasts more than four hours, please consult your physician.

Our chemical-free, non-toxic, cooling powerhouse. Microfiber technology activates instantly when wet, whether that be from water or perspiration, and wicks moisture away from the body. Soft and absorbent when dry. Provides sustained cooling for hours on end when wet.
TESTER: JOSH NELSON

PRODUCT: 6602MF-MICROFIBER COOLING TOWEL

ONE WORD REVIEW: MUST-HAVE

“Cools me off, isn’t too heavy, easy to clean. A must-have on the job!”

- Lightweight, cooling acrylic polymers
- Soak in cold water 2-5 minutes to activate
- Hook & loop closures
- Conveniently attaches to hard hat suspension
- Remains cool for up to 4 hours

**COOLING TOWEL HARD HAT NECK SHADE**
- Advanced PVA material activates easily and quickly
- Re-usable, just rewet to reactivate
- Protects neck from harmful UV rays
- Super-evaporative cooling process
- Hook & loop straps for easy attachment
- Remains cool for up to 4 hours

**COOLING ARM SLEEVES**
- Made of a soft, yet durable, performance knit fabric
- Super-absorbent material inside
- Water-repellent liner
- Lightweight, durable and washable
- Soak in cold water 2-5 minutes to activate
- Remains cool for up to 4 hours

**COOLING TOWEL HI-VIS RANGER HAT**
- Advanced PVA material lines the hat rim
- Easily activated by running PVA under water
- 310D Oxford polyester
- ANSI-compliant tape with contrasting color
- Cooling lasts up to 4 hours
- Rise before use

**HI-VIS RANGER HAT W/ MICROFIBER**
- Microfiber material lines the hat rim
- Easily activated by running microfiber under water
- 420D Oxford polyester
- ANSI-compliant tape with contrasting color
- Super-evaporative, feels cooler than ambient air
- Protects neck from harmful UV rays
- Super-evaporative, feels cooler than ambient air
- Hook & loop straps for easy attachment
- Remains cool for up to 4 hours

**EVAPORATIVE COOLING VEST**
- Made of a soft, yet durable, performance knit fabric
- Super-absorbent material inside
- Water-repellent liner
- Lightweight, durable and washable
- Soak in cold water 2-5 minutes to activate
- Remains cool for up to 4 hours

**MELT DOWN**
2,900 OCCUPATIONAL ILLNESSES IN THE U.S. IN 2015. STAY ON THE CLOCK AND AWAY FROM THE DOC WITH ADVANCED COOLING RELIEF.
HOW DOES THE 6685 DRY EVAPORATIVE TECHNOLOGY WORK? To activate the vest, open the back cap and fill with 16oz - 20oz (400ML - 600ML) of fresh water. Distribute the water evenly from the back to the front of the vest. The vest’s technology gradually releases water through evaporation to keep you cool, dry, and comfortable.

HOW COOL WILL THE VEST GET? Depending on outside temperature and humidity, the vest will cool up to 15 degrees below the ambient temperature. High humidity of 60-80% may reduce its cooling ability.

WHAT CAN I EXPECT FROM THE 6685 DRY EVAPORATIVE COOLING VEST? The cooling effect is based on the principles of evaporation. A lower humidity and a high airflow mean a better cooling performance. Please familiarize yourself with the local humidity and environment to better predict performance.

After wearing the vest for a period of time, the body will adapt to the cooler temperature. The vest may no longer feel as cool, however the vest is still cooling. You can compare this to swimming in a pool. In the beginning, the water feels cool. But after awhile, the body adjusts to the water temperature though cooling is still happening.

HOW MUCH WATER IS NEEDED? Enough water to saturate the membrane on the inside of the vest. Excess water can be drained through the cap, if desired. Depending on size, 16oz - 20oz (400ML - 600ML) of fresh water is needed to activate the vest.

HOW LONG DOES THE COOLING EFFECT LAST? Cooling effect can last up to three days.

HOW TIGHT SHOULD THE GARMENT FIT? A close fit will help you feel the cooling effect. We recommend a lightweight T-shirt underneath.

CAN THE GARMENT BE WORN UNDERNEATH OTHER GARMENTS? Yes it can, but the vest needs enough airflow to be able to evaporate the water. For example, a mesh vest will provide enough airflow for the vest to function properly, while a heavy coverall would not.

DO I NEED TO CLEAN THE INSIDE OF THE VEST? No, the membrane on the inside of the vest is treated with an antimicrobial treatment that will prevent bacteria, fungi, and other contaminations. We recommend keeping the cap closed at all times.

CAN I WASH THE PRODUCT? Yes, with the cap closed. See washing instructions on the inside of the vest.

• 4 zippered compartments, D-rings and webbing
• Enlarged main compartment & two mesh pockets

50x704
Every now and then, the elements range from inclement to downright apocalyptic. So if you find yourself caught short out in the wild, we give you SHAX® Work Shelters. These beauties provide a safe haven when the sun bakes, sky pours, and wind howls. UV-blocking, PU-coated and equipped with a roller bag, these mobile and easy-to-set-up shelters are your go-to for relief from the wrath of the Great Outdoors.

THROW SOME SHADE AT MAMA NATURE.
What is CPAI-84??

The CPAI-84 (Canvas Products Association International) Standard is widely used in the industry and has been adopted by states such as California and New Jersey. It provides testing methods for evaluating the flame resistance of fabric and other pliable materials in camping tentage. It also provides performance criteria and certification guidelines for suppliers (like us!) and labeling requirements that identify a tent as being constructed of flame-resistant materials and caution against action detrimental to those flame-retardant finishes.

SHAX’ WORK SHELTERS:

**POP-UP SERIES**

DIFFERENTIATED BY DESIGN

- Canopy
- Reflective and reinforced
- 10x10 footprint
- Adjustable mechanics

**WORK SHELTERS // POP-UP & UMBRELLA SERIES //**

LET WINTER RAGE.

WARMING PRODUCTS
Since our ancestors decided to forego their furry coats, live indoors and walk upright, man has been locked in a pitiless battle with Mother Nature. No holds barred, take no prisoners. N-Ferno® Warming Products have leveled the playing field and put Mother Nature (and her little toadie Jack Frost) on the ropes. And are we letting them back up? There’s a cold chance in hell.
N-FERNO WARMING PRODUCTS:

**THERMAL SERIES**

- Differentiated by design
- Removable hood
- Water- and wind-resistant
- Reflective accents
- YKK zippers
- Removable PE foam knee/shin pads

### THERMAL JACKET

- Rugged 500D Nylon shell with breathable water repellent-treatment
- 1600D Nylon reinforcement zones in heavy wear areas
- Removable hood with adjustable draw cords
- Pockets: Several pockets, including back document, front cell and interior audio
- YKK zippers
- Drawstring waist and adjustable cuffs with spandex sleeve
- 3M™ ScotchLine™ Reflective Material
- Reflective accents help keep workers safe and seen

DANGER STARTS WELL BEFORE ZERO

Different as they feel, cold stress is just as dangerous as heat stress. But with its sneaky symptoms, it often goes undetected until it’s too late. Like any safety hazard, awareness is key. Understanding the dangers of cold stress – and how to properly respond – can save appendages (and lives).

FROST BITE

SYMPTOMS: Pale, waxy-white skin color; skin becomes hard and numb; usually affects extremities, including ears and nose.

RESPONSE:
- Move the person to a warm dry area and remove any wet clothing that may cut off blood circulation.
- DO NOT rub the affected area; rubbing can cause skin/tissue damage.
- Gently place the affected area in warm (105°F) water. Warming will take 25-40 mins.
- Do not pour water directly on affected area.

HYPOTHERMIA

SYMPTOMS: Fatigue, drowsiness; uncontrollable shivering; cool, blue-tinted skin; slurred speech; clumsy movements; irritable, irrational/confused behavior.

RESPONSE:
- Call for emergency help immediately.
- Move the person to a warm dry area and remove any wet clothing and replace with dry clothing or wrap in a blanket.
- Drink warm, sweet drinks (sugar water or sports-type drinks). Avoid caffeinated drinks.
- Have the person move their arms and legs to create muscle heat. If unable to do so, place hot packs in armpits, groin, neck, and head. Do NOT rub the person or place them in warm water.

**N-FERNO® WARMING PACKS**

Whether in mittens or gloves, the 6990 Hand Warming Packs come in handy whenever you need to keep fingers from freezing. Most N-Ferno® Winter Liners come standard with warming pack pockets designed specifically for the versatile little power packs of heat to keep ears nice and toasty. You can even get crazy and toss one in a pocket! The 6992 Toe Warming Packs adhere to the insole of a shoe or boot to keep toes comfortable — no horrible coldiggledoments. For those who need full foot heating, there’s the 6995 Full Foot Warming Packs.
**TREX FOOTWEAR ACCESSORIES**

It's time to unleash your inner mountain goat, Nadia Comăneci and Everest Sherpa. If that sounds like a tall order, we can help. With TREX® Footwear Accessories, you'll be fearlessly flying across treacherous terrain with the greatest of ease. Thanks to easily configurable rubber models and strap-on heel designs, you'll keep your keister upright and off worker's comp. So you can get the job done one surefire step at a time.

INDEX MARKS THE SPOT.

WHERE'S THAT...

Ask for directions when you're lost. Call a plumber when your sink is broken. Use this index when you need to find something in the workbook. You can do this, we believe in you.
DON’T EYEBALL THIS ONE

You look mah-velous! Don’t screw it up with improperly sized duds. You come in all shapes and sizes and so does our gear. Use our sizing spread to get fitted out and styded up.

What size do you need?
Place the index finger of your right hand next to the dotted line as shown. To find your proper size, refer to the closest line to the right side edge of your hand.

Align with the dotted line at left for optimum grip and finger control, glove should fit snug.

Use this “handy” diagram to determine which ProFlex® Glove fits your hands.

Measure around the wrist. Don't eyeball the thumb area. Use the size chart to double check your size choice.

Measure around the smallest part of the wrist.

Measure around the center of the base with the base extended.

Measure around the widest part of the forearm, just below the elbow. For best fit, an elbow support should fit 2-3 finger widths below the elbow crease.

Measure around the palm.

Use shoe or boot size to determine the appropriate size. TREX™ Ice Traction should fit snugly, but not so tightly as to impair circulation.

To use this “handy” diagram:

1. Align your hand with the dotted line at the left.
2. Place your index finger next to your proper size.
3. Pinch this page to double check your size.

Use this handy diagram to determine which ProFlex® Glove fits your hands.
### Size Up the Situation

Improperly sized gear is a prime cause of heartache and sadness. Remember when you showed up at school wearing high-water pants? Of course that’s nothing compared to the crack-tacular combination of too-short shirt and too-loose pants. Don’t let these calamities occur. Your gear will be more effective and comfortable if you choose appropriate sizes.

#### Sizing Table

<table>
<thead>
<tr>
<th>Size</th>
<th>Fits Chest Size</th>
<th>Fits Waist Size</th>
<th>Fits Chest Size</th>
</tr>
</thead>
<tbody>
<tr>
<td>Small</td>
<td>38–40˝ (97-102 cm)</td>
<td>30–34˝ (76-86 cm)</td>
<td>30–34˝ (76-86 cm)</td>
</tr>
<tr>
<td>Medium</td>
<td>40–42˝ (102-107 cm)</td>
<td>34–38˝ (86-97 cm)</td>
<td>34–38˝ (86-97 cm)</td>
</tr>
<tr>
<td>Large</td>
<td>42–46˝ (107-117 cm)</td>
<td>38–42˝ (97-107 cm)</td>
<td>38–42˝ (97-107 cm)</td>
</tr>
<tr>
<td>2XL</td>
<td>44–48˝ (117-127 cm)</td>
<td>40–46˝ (102-117 cm)</td>
<td>40–46˝ (102-117 cm)</td>
</tr>
<tr>
<td>3XL</td>
<td>46–50˝ (127-137 cm)</td>
<td>44–50˝ (112-132 cm)</td>
<td>44–50˝ (112-132 cm)</td>

Do not burn yourselves out. Be as I am — a reluctant enthusiast ... a part-time crusader, a half-hearted fanatic. Save the other half of yourselves and your lives for pleasure and adventure. It is not enough to fight for the land; it is even more important to enjoy it. While you can. While it’s still here. So get out there and hunt and fish and mess around with your friends, ramble out yonder and explore the forests, climb the mountains, bag the peaks, run the rivers, breathe deep of that yet sweet and lucid air, sit quietly for awhile and contemplate the precious stillness, the lovely, mysterious, and awesome space. Enjoy yourselves, keep your brain in your head and your head firmly attached to the body, the body active and alive, and I promise you this much; I promise you this one sweet victory over our enemies, over those desk-bound men and women with their hearts in a safe deposit box, and their eyes hypnotized by desk calculators. I promise you this: You will outlive the bastards.

– Edward Abbey
