Natural Stone has a place in history where the past is always present. It’s worth the investment to choose natural stone.
“Timeless Beauty”...
Natural Stone has a place in history
where the past is always present.

Natural Stone Veneers International (NSVI)
fabricates natural thin veneer stone for interior
and exterior building applications. NSVI has emerged as the leader in the
natural stone industry with its diverse natural thin veneer stone products, distribution and marketing.

Designing with Natural Stone “Volume 7” is a compilation of
over sixty product lines quarried from around the world. These
collections expand and complement structural dimension with a
diversity of color and texture. Many variations on how Natural Stone
Veneers can be the crowning achievement to any construction
endeavor are depicted in project photos throughout this catalog.
New products and a complete photo gallery can be found online.

- Ledgestone Collection is packaged for tight fit installation.
- All other collections packaged using a 1/2” mortar joint.
- NSVI recommends a thin set mortar meeting ANSI 118.4 on any exterior tight fitted joint installation.
- Images shown in this catalog are intended to be as accurate as depictions of color and texture can be on the printed page. Because NSVI produces a natural stone product, shades may vary.
- For best results of color and texture, work from as many packages as possible.

**Installation Instructions**

Installation guides, videos, cleaning instructions and corner installation for Ledgestone and Dimensional Ledgestone can be downloaded from our website in PDF format. We also offer a 10-Step Video Tutorial showing the application of our natural stone veneers.
